THINGS TO REMEMBER

BUILDING PERMITS

The City of Atwater does require a building permit for any building, remodeling, re-roofing, siding, window & door replacement, fencing (only if above 6 ft tall) & Storage Sheds (only over 120 square feet). Building Permits are required for permanent improvements & work regulated by the State & City Codes. Permits need to be obtained by the contractor doing the work, unless you are doing the work yourself.

LAWN CLIPPINGS

PLEASE be aware that the city has an ordinance against mowing grass clippings in the street. Those grass clippings will obstruct our Storm Sewer System. If you need to dispose of any grass clippings, the city's brush site is available.

Recreational Fires

The fire pit **MUST** be 25 feet from wood structures, debris, trees & fences. The fire cannot be any larger than 3 feet high & 3 feet in diameter. The fire must be inside a fire ring, fire pit or portable barbecue pit. The fire must be attended at all times & is forbidden during fire bans in the State & if winds are stronger than 15 mph. These regulations are in place for your protection
